# \$355,000 SHORTAGE

Head of Belding-Hall Manufacturing Company "Borrowed" Corporation Funds.

LOST · LARGE SUMS IN FAKE MINING VENTURES

Is Now Fugitive in Canada, but Will Probably Be Brought Back.

CHICAGO, Sept. 7 .- The appointment of a receiver for the properties of the Belding-Hall Manufacturing company followed close upon a discovery by the creditors of the concern that its president, Jesse Edson Hall, had appropriated to his own use at least \$315,000 of the corporation's funds. As far as can be discovered, every dollar of this money went into mining stock which was backed up with no tangible property, theatrical ventures which made no money, and other securities which the creditors are willing to sell in a lump for something less than \$4,000.

Indications are that Hall will not voluntarily return from Canada, and that criminal presecution will be instituted to bring him back to this country by the First National bank, which holds notes of the company aggregating \$100,000.

It appears that Mr. Hall has been "borrowing" the company's money for at least two years. There has been little effort on his part to conceal this fact. The money taken out of the business was seenred only by promissory notes, signed by Mr. Half. As he has no other property than the \$60,000 worth of Belding-Hall stock, which is worthless until all outstanding bills are paid, it is expected that the \$315,000 which he horrowed and the \$40,000 which he lent irresponsible persons—\$55,000 in all—is a total loss.

which he left irresponsible persons— \$55,000 in all—is a total loss.

A pathetic feature of the case is the condition of the missing man's two children, who are living at the Hall home in charge of a housekeeper. Since Mr. Hall left Chicago, they have re-relived no word from him, neither have they received any money with which to meet the household expenses.

He Will Not Permit Restaurants to Sell Liquor While Saloons Are Closed.

ALL BOOZE DEALERS LOOK ALIKE TO HIM

He Lays Down the Law to One Persistent Supplicant for Special Privilege.

Mayor John S. Bransford has laid down the rule that the "square deal" shall prevail in the enforcement of the law forbidding the sale of liquor on Sunday. He has turned a deaf ear to the pleadings of the restaurant men that they be permitted to sell liquid refreshments on Sunday, while the privilege is withheld from the saloonkeepers, and has informed the restaurant men that they, in common with the saloon men, must obey the law.

they, in common with the saloon men, must obey the law.

During the past week Mayor Bransford has been subjected to considerable pulling and hanling on the part of the restaurant men. They have gone to his office and waylaid him on the street, and have sent their friends to him in an effort to have the ironelad order relative to liquor selling modified so far as they are concerned. One or two restaurant men who do a large wet goods business have been particularly insistent.

The Mayor has said that, so far as he is personally concerned, he sees no particular objection to serving heer or wine with meals, but he has pointed out to the restaurant men that the fendency, in the event teh restriction wero removed to that extent, would be for large numbers of people to flock to restaurants under a preteuse of purchasing meals, whereas their real object would be to secure alcoholic refreshment; that in the long run this would result in indiscriminate linuar selling and a rank in the long run this would result in in the long run this would result in indiscriminate liquor selling, and a rank violation of the spirit of the law. The Mayor further takes the position

that, so long as the saloonmen are quired to obey the law, it is only that the restaurant men be campelled to observe it also. He has repeatedly said that the "square deal" will be the motto of his administration. Saturday the Mayor was obliged to talk with considerable sharpness to one restaurant man in order to make him understant

considerable sharpness to one restaurant man in order to make him understand his views on the subject.

Salt Lake will be "'dry" again today. The police have orders to arrest any saloonkeeper or restaurant man found violating the law, and conviction, in all probability, will be followed by the forfeiture of the offender's license.
